DISNEY RUNNERS BRING HOME THE GOLD

In a near clean sweep of last Saturday's 3rd Annual St. Patrick's Day Run, Walt Disney World entrants took 1st Place Gold in every category except one, while setting a new speed record for the four-mile course.

It was **Mike Burge** of Tomorrowland Merchandise in the spotlight, turning in a searing 21:18.9 (twenty-one minutes, eighteen and 9/10th seconds) to break the standing course record of 21:45.7 set by **Dave Kowalski** two years ago. Mike's hard push on the track chewed 26.8 seconds off the former record.

The weather was clear, as 82 runners from Walt Disney World, Sea World, Circus World, Stars Hall of Fame and Wet 'n Wild lined up for the starter's pistol at Sea World's back gate Saturday morning. A sharp crack from the gun and they were all off for a four-mile jaunt past Stars Hall of Fame to the Little Lake Bryan parking lot.

This year, entrants' ages were more widely spread than during the two previous runnings of the annual event, so additional categories were added to accommodate them. In the most rooted for grouping, **Hank Schubert** of Engineering led the way for Men 41 & Over, crossing the finish line with a swift 24:39.8 to break his own record set last year by 22.2 seconds! Following on his heels were **Morris Rashy** of MIS with a 26:26.2 and **Vince Lucchese** of Facilities Training with a 28:51.2.

But the race to watch was between **Jim Sargeant** and **Fred Von Mechow** of River Country (Men 20 to 25 Years) who changed the lead for their division constantly throughout the run. It was neck and neck down the final finish line stretch, with Jim taking the gold by a slim 4/10th of a second over Fred!

Following the race, lunch was served (health food, of course) and ribbons were presented.

CAR CARE TIPS

FILTERS

With the cost of gasoline going up, it is becoming increasingly important to insure we are squeezing every mile out of that gallon. Air and gasoline filters are very important as they allow your engine to gulp the vast amount of air it requires and insure an adequate, even supply of gasoline for peak performance.

Gasoline filters should be replaced every engine tune-up or at least every 15,000 miles.

Almost all air filters are now the pleated paper type and can easily be checked by removing it from its housing and holding it up to a strong light source. You should be able to see the fibers in the paper with the penetration of light. Remember with the sand in Florida the filter does not have to have a dark appearance to be clogged.

If light does not penetrate the paper element, discard the old filter and replace it with a new one. It will well pay for itself in increased gas mileage.

The Company will pay the broker's commission on any stock purchased through payroll deductions and cast members participating in this plan will receive periodic statements regarding their accounts. LETTERS TO US

To the Walt Disney World Cast:

Thank you very much for the lovely bouquet of flowers congratulating us on our new daughter, Rebecca Jane.

Sincerely,
Lynn and
Ted Ricketts

Your lovely flowers were appreciated.
The Bodiae family

To all the Cast at Walt Disney World:

Thank you for the lovely flowers while I was in the hospital. They certainly brought cheer while worries were great. It always impressed me what a magnificent act it was, people giving blood so others could be well. Now that I have needed blood, I want to thank all the beautiful people who gave their blood while the Blood Mobile was here. Thank them for sharing their health with their co-workers.

Sincerely,
Joan Pelligrino

CAST ACTIVITIES

NEWS

SPORTS LADDERS AIMED AT INDIVIDUALS RATHER THAN TEAMS

Four of Cast Activities ongoing sports programs are huge, involve team participation and generate plenty of promotional recognition in **EYES & EARS**. In fact, over a thousand cast members currently play in our Softball Leagues, Basketball Leagues, Volleyball Leagues and Bowling Leagues.

But many cast members here at Walt Disney World would rather pit themselves against only one other player in individual games like tennis, so we have created our **Sports Ladder** concept just for you!

Currently, Cast Activities operates four Sports Ladders: **tennis, table tennis, racquetball and chess**. And over 300 cast members play in them weekly.

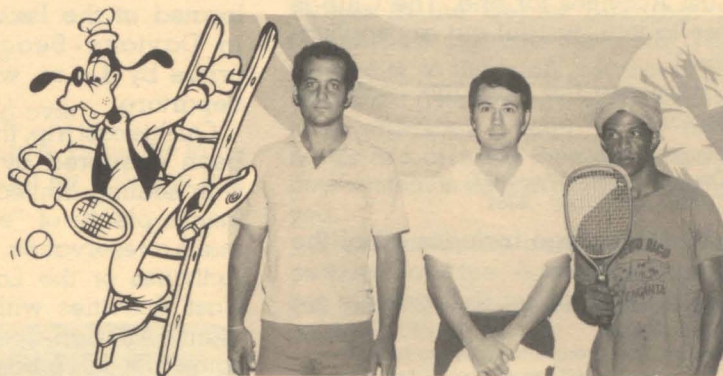

The reason for instituting the ladders is to allow individual participants to increase their skills by competing against fellow employees at mutually convenient times. And only Disney cast members can join a ladder.

With a company as large and spread-out as Walt Disney World, it can become quite a chore finding new tennis partners or table tennis partners to compete with, so Cast Activities now takes the work out of it with the Sports Ladder concept.

To join, you just need to stop by Cast Activities or the Lake Buena Vista Satellite Office with a one-time membership fee of \$1 in hand. You'll then be given a directory and position sheet, with your name soon to be added.

Each player is responsible for scheduling games against another. If you are challenged, you then have 24 hours to respond by setting a time and place that is mutually agreeable. You must then play within seven days of being challenged. There are penalties for not responding to a challenge.

Directories containing other players' telephone numbers are updated monthly, along with position sheets. The position sheet holds names like rungs of a ladder. You start at the bottom of your skill level (novice, intermediate or advanced) and challenge players just above you. Soon you will find yourself playing with others of your ability, with the opportunity to move up just slightly to learn from those better than yourself. Move up too far, and you'll be knocked back down . . . a super way to chart your progress as you begin defeating those who earlier had always knocked you down!

Periodically, there are tournaments within the ladders with trophies awarded to leaders. Racquetball is the exception, with tournaments slated monthly.

If you enjoy tennis, table tennis, racquetball or chess, why not stop by Cast Activities today and join in all the fun and challenge of our Sports Ladders . . . everyone is welcome regardless of skill level. For more information and answers to your questions, call Cast Activities at 824-4254.
